

Write a Check Fundraising Campaign

The Senior parents and students are busy working hard on activities for this year's senior class. Every year there are special events intended for the graduating class. Our biggest event is our After-Prom Party. This secure event allows all attendees of the senior prom a safe, fun, and drug and alcohol-free place to go after prom. It allows the entire group of students to continue the celebration together and allows peace of mind for parents, knowing their child is safe! Because of the size of the event it does require a village of volunteers and also donations from parents and local and national businesses to make it successful. Our school is a 501(c)(3) non-profit organization, making your donation tax deductible TIN 461-117-286. This is our 26th year!

Don't miss the chance to support our Senior Class! We look forward to your participation!
